

# Professional-C™ Polish + Mask helps create macro effects because it goes micro.

This 2-in-1 skin polishing mask uses ultra-fine crystals to gently remove the dulling, outer layers of skin and infuses the newly revealed skin with L-ascorbic acid.

## EXFOLIATE

Warm in hands then sweep a thin, even layer onto clean, damp skin. Exfoliation prepares the skin for optimum absorption.

## ABSORB

Sit back and relax for up to 10 minutes while Vitamin C is infused into the skin.

## GLOW

It's payoff time. Wipe away mask with a soft, wet cloth and water. Reveal the new, radiant you.

## UNPARALLELED

## LEVEL OF

## L-ASCORBIC ACID

PROFESSIONAL-C™  
MICRODERMABRASION POLISH + MASK

THE POWER OF 30% VITAMIN C

# Let your skin drink it in

Introducing the dual-action polish + mask that exfoliates and preps skin for a powerful infusion of Vitamin C, unveiling dramatically brighter, smoother, more youthful-looking skin.

C

## FOR YOURSELF

**This multi-tasking polish + mask exfoliates and primes skin for absorption of Vitamin C\*, delivering instant and lasting results with continued use.<sup>†</sup>**

- Ultra-fine resurfacing crystals instantly transform skin from dull to smooth and radiant
- Rich emollients and skin conditioning botanical oils minimise dryness and maximise glow
- Formula reduces the look of fine lines and rough texture
- Advanced dual-phase action leaves skin feeling softer and smoother for days

## Contains 30% L-ascorbic acid — more than any other product in the industry.

After just one application<sup>†</sup>

**88%** of participants experienced a more luminous glow.

After 3 weeks of use<sup>†</sup>

**98%** of participants reported more youthful-looking skin.

After just one application, testing showed that the Professional-C Microdermabrasion Polish + Mask visibly improved signs of ageing skin such as dull complexion, fine lines and wrinkles.\*

**Unique dual-action technology enhances Vitamin C bioavailability by exfoliating skin before the mask process to optimise absorption and maximise results.**

- Contains an unparalleled level of L-ascorbic acid in one advanced formula
- Ultra-fine crystals gently but effectively help shed the most superficial layers of the epidermis, removing built-up surface debris, promoting healthy-looking skin
- Contains Sea Berry Fruit oil for healthy-looking skin
- Unique anhydrous formula helps promote product stability

### Transformational Power Products to Boost Your Skin Care Routine

Combine with other products in the Obagi® Professional-C portfolio for powerful, daily antioxidant defense.

### THE POWER OF C

## Made to Make Skin Glow.

**Regular use of Vitamin C helps maintain a more youthful-looking complexion by defending the skin against age-accelerating free radicals.**

There are many types of Vitamin C, but L-ascorbic acid is the most effective form.<sup>1</sup> With over 30 years of research to understand its benefits to skin, L-ascorbic acid can now be harnessed to help your skin appear younger for longer.

MEDICAL

1

## Preparation

Be sure to avoid any type of exfoliating products 3-4 days prior to the application of the Professional-C Polish + Mask. These include Retinol, Alpha and Beta Hydroxy Acids.

## Warm Up

Soften the product by gently whipping the Polish + Mask, with the spatula provided, until you reach a smooth, soft consistency.

2

3

## Application

Warm the **Obagi Professional-C Microdermabrasion Polish + Mask** in your hands, then sweep a thin, even layer onto clean, damp skin.

Exfoliation prepares the skin for optimum absorption. So sit back and relax for 10-15 minutes while Vitamin C is infused into the skin. Wipe away the mask with a soft, wet cloth and water.

## Aftercare

Avoid touching or picking newly cleansed skin.  
Avoid sun exposure without adequate sun protection as skin will be sensitive to UV radiation.

Do not use products that contain Retinol, Alpha or Beta Hydroxy Acids as these can cause excessive redness.

To optimise results, consider purchasing an Obagi Transformation System or optional maintenance products.
